*If I had only had
that money in the
Bank*

**Quit 'get-rich-quick'
Speculation**

How many times have you said, or your friends said: "I cannot because I HAVE NOT GOT THE MONEY?" How many good business chances have had to be passed up because you did not have the money? "Get-Rich-Quick" speculation is the worst thing a man can do with his money. If the enterprise into which some smooth stranger asks you to put your money were such a good one he would keep it—not sell it to you.

The committee appointed to arrange for the trip up the branch of the governor, secretary of the irrigation board, representatives of the Union Pacific and local residents will meet this evening at the city library to complete arrangements for the journey. The date of the trip will probably be July 8th, and the object is to awaken interest in irrigation matters and particularly to organize and protest against certain rulings which the government contemplates enforcing.

The Sutherland Free Lance relates at length how Axel Peterson escaped from an enraged bull who started after him in a pasture. The animal was making rapid gains on Peterson, when his hind tank became active and diving into his pocket drew out a piece of lump salt which he dropped in his tracks. When the pursuing animal reached the salt, he gave up the chase and calmly licked the salt, allowing the pursued to escape. And this is a new use found for rock salt.

Consolidation of Trains.

Effective in a few days, the Union Pacific will make a radical change in its train service through consolidation of various trains. From an official circular issued by Gerrit Fort, passenger traffic manager, it is learned that trains No. 15 and 3 will be consolidated between Council Bluffs and North Platte, but west of this terminal will run as two trains and take their respective numbers.

Trains No. 9 and 19 will be consolidated between Council Bluffs and Green River.

Trains No. 5 and 13 will be consolidated at Omaha and run as one train to Julesburg, where it will be split. No. 5 continuing to Portland and No. 13 to Denver.

No. 12 coming from Denver will be consolidated with train No. 4 at this terminal and run as one train to Omaha.

Train 16 from Denver and No. 6 from Portland will be consolidated at Julesburg and run as one train to Omaha.

Trains No. 10 and 20 will be consolidated at Ogden and run east as one train.

The consolidation is the most radical move the Union Pacific has ever made in its train service. On the Omaha-North Platte district it removes six trains; with a lesser number west of here. It takes out of service between Omaha and North Platte fifty-four engine and trainmen and a much larger number between North Platte and Ogden.

Violin Recital.

The violin recital given by Carl Frederic Steckelberg in the Masonic hall last Friday evening was the finest musical treat North Platte has ever had. Mr. Steckelberg played a program that was unusually excellent and pleasing. He lives his music and thus shared it with his listeners. The most noticeable characteristic of his playing is his broad deep tone. His technique is marvelous both in execution and clearness; he will not soon be forgotten by any who heard him. He was accompanied by Elizabeth Bonner Cramer.

Balloting at Baltimore.

THE GREAT BENOS AT THE KEITH.

Regular Picture Show in Connection.

This peerless aggregation to appear at the Keith for three nights next week is without a parallel on the Orpheum circuit. The Benos introduce a line of aerial work that is original and thrilling enough to stir the most phlegmatic observer. The quartette has a change of costume for every act and the sisters introduce one of the fastest changes ever shown on a stage. Their work is clean and pretty and there is not a slow moment in their entire performance.

The great Beno, prince of aerial gymnasts, performs a single act on the flying trapeze that has a challenge of \$1,000 to the gymnast who can duplicate it in style with the thrills added. Clever aerial work is not the only strong feature of the Beno combination. Character song and character dances as pretty as the little maids themselves furnish a delightful change for an excellent act.

The Benos will be at the Keith for three nights beginning next Monday evening. North Platte playgoers are fortunate in having the opportunity of seeing the Benos, who are simply filling an open date, pending an eastern tour under the direction of a leading circuit manager.
